

中华人民共和国大使馆 Embassy of the People's Republic of China

No. 122 / 20(V)

The Embassy of the People's Republic of China in Brunei Darussalam presents its compliments to the Ministry of Foreign Affairs of Brunei Darussalam and has the honor to inform the latter of the policy of China regarding the pre-departure RT-PCR test for crew members of shipping and fishing companies entering the shipping port in mainland China.

According to China's prevention and control policies of COVID-19, crew members who board the ship in Brunei and plan to enter the shipping port in mainland China, are required to undergo a RT-PCR test within 72 hours before boarding, and only those who obtain the Statement of Result for SARS-Cov-2 RT-PCR test with a negative result from the authorized testing institutions as stated in the Embassy's Note No. 113/ 20(V) dated 22nd August are allowed to be on board.

It will be highly appreciated if the competent authorities could notify the relevant shipping and fishing companies to be aware of the policy, take necessary measures to check the authenticity of the testing certificate and health condition of the crew members.

The Embassy of the People's Republic of China in Brunei Darussalam avails itself of this opportunity to renew to the Ministry of Foreign Affairs of Brunei Darussalam the assurances of its highest consideration.
